

DI AFLUORA™

*Celebrate your love for gardening and flowers with a floral jewelry design set with a **Diafluora™** jewel. Each **Diafluora™** jewel passed a vigorous quality control process - only the finest quality is accepted for our line of floral jewelry. Each jewelry design in our Floral Jewelry Line is expertly crafted and hand finished by a master jeweler. The Floral Jewelry Line consists of unique inclusion-free **Diafluora™** jewels in soft pastel colors, polished to perfection, for maximum beauty.*

*The polish of a gemstone, also referred to as the Cut, has the biggest affect on the brilliance, or sparkle of the gemstone. The **Diafluora™** line of jewels is polished by some of the most accomplished artisans in the world, releasing the life and fire within each **Diafluora™** jewel. Buff tops, checkerboard tops, concave facets and regular cuts bring these incredible **Diafluora™** jewels to life.*

Diafluora™ jewel colors consist of a kaleidoscope of pastel spring colors, including:

-  **WISTERJA WHISPER** (Lavender)
-  **PINK ROSE** (Soft Pink)
-  **DAISY DELIGHT** (Yellow)
-  **DAINTY DAFFODIL** (Light Yellow)
-  **SPARKLING CHAMPAGNE** (Light Champagne)

Diafluora™ jewel Signature Shapes include:

-  **Protea Cut™**
-  **Passion Flower Cut™**
-  **Soleil Flower Cut™**
-  **Rosette Quarts™**

Technical Data

Diafluora™ is a diamond simulant with the same molecular structure as fluorite (CaF₂) and a chemical composition consisting of synthetic zirconium dioxide (ZrO₂). A hardness of 8½ (Diamond 10) on the Mohs hardness scale; a refractive index of 2.15 (Diamond 2.417); a specific gravity of 5.8 (Diamond 3.52) and a dispersion of 0.066 (Diamond 0.044), and makes this an excellent choice for a finely polished jewel.

Diafluora™ is singly refractive, and therefore has similar optical properties (sparkle or brilliance) as a natural diamond – with the additional colors that are very rare amongst diamonds. The polish of a gemstone, also referred to as the Cut, has the biggest affect on the brilliance, or sparkle of the gemstone. The **Diafluora™** line of jewels is polished by some of the most accomplished artisans in the world, releasing the life and fire within each **Diafluora™** jewel. Buff tops, checkerboard tops, concave facets and flower cuts bring these incredible **Diafluora™** jewels to life.

Every **Diafluora™** jewel comes with an unconditional lifetime guarantee.

*Our **Floral Jewelry Line** and **Flower Carvings** make ideal gifts for the gardener in your life. Or, for yourself, the garden lover. The beauty and value speaks for itself. Combine your love for flowers and jewelry and show the world you love your garden -*

‘Wear the flowers you love to grow’

DIAFLUORA™

Unconditional Lifetime Guarantee

Cape Flower Fields offers an **Unconditional Lifetime Guarantee** that your **Diafluora™** jewel will maintain their color, fire, brilliance and luster for the lifetime of the owner.

In the unlikely event the optical characteristics alter in the **Diafluora™** jewel, please return the jewelry, this certificate and/or original receipt to us, and the defective stone will be replaced with a new **Diafluora™** jewel.

This warranty does not include loss, theft, disappearance or the loss of optical characteristics due to damage to the integrity of your **Diafluora™** jewel.

Keep this certificate for insurance and guarantee purposes. This guarantee gives you specific legal rights, and you may also have other rights, which vary from state to state.
